

Al-Iqama is a display solution exclusively for Masajids. It is a completely **free** service and provides a convenient way to display the Salah/Iqama times. After the initial setup, the times are updated automatically all year around eliminating the need for manually updating Iqama times. It continues to display even if the internet connection fails ensuring continuous display without any interruptions. It is highly customizable for each Masjid with different templates available to choose from. Variety of calculation methods are supported (ISNA, MWL, Custom Angles, Hanafi etc.) or you can upload your own timings. Masjid specific announcement or reminder messages can be added easily. Images can also be added and displayed as a slideshow with customizable schedule - display specific images at specific Salah or Iqama timings.

## FEATURES OF AL-IQAMA DISPLAY

Gregorian and Hijri Dates

Next Iqama highlighted automatically

Audible beep at every Salah/Iqama time (optional)

Salah start times are automatically calculated based on your masjid location & your setting (ISNA, MWL, Custom etc.). Salah times can also be uploaded offering you the flexibility to display your calculated times, for example, from islamicfinder.com

Salah/Iqama times emailed to you monthly for verification. Emailed times can be used for printing purposes

Daily Sunrise and Sunset times

Iqama times updated and displayed automatically

Clock & Countdown to next Iqama

Announcement text can be added easily. For example, Eid Salah timings, upcoming programs, parking etc.

Automatic announcement when Iqama time changes within 3 days

This week's Jumu'ah khateeb is Sheikh Ibrahim

Your masjid specific integration url will be provided to easily integrate Salah/Iqama timings in your website. Mobile friendly url available for your congregation to use.

Full screen customized reminder message displayed at every Iqama

Add and schedule customized images for announcements, duas and reminders

Amazingly beautiful designs available. Design can also be customized to match your masjid color theme.
